Curriculum Vitae

Sergio Melas , PHD Engineer
Born in Rome 9/3/68
Via Marco Biagi 4, Rosignano Solvay, Italy
Tel Cell: +39 335 193 3729, Mail: sergio.melas@solvay.com

PROFESSIONAL EXPERIENCES

2018-Present **SOLVAY, CORPORATE HEADQUARTERS** **WorldWide**

Global APC & Industrial Automation Principal Expert

- Lead Solvay Industrial to the digital revolution
- Big data projects deployment
- Off line process modelling and plant wise optimization to optimal economical working point

2017-2018 **SOLVAY, CORPORATE HEADQUARTERS** **WorldWide**

Industrial Data Analytics Global Manager

- Hire and built the Industrial Data analytics Team
- Big data projects deployment from POC to infrastructure
- Global Data Lake Development
- Off line process modelling and plant wise optimization to optimal economical working point

2016-2017 **SOLVAY, CORPORATE HEADQUARTERS** **WorldWide**

Digital@Industrial Global Manager

- Lead Solvay Industrial to the digital revolution
- Start the Industry 4.0 Process at Solvay

2015-2016 **Solvay, SBU Special Polymers** **Europa, Asia, Nord America**

Global APC Manager

- Project management of APC International Projects (> 30 M€/year)
  - Chevron Philips Borger Acquisition APC Upgrade (400% production increase), 5M€/year
  - Changshu FKM Plant Start UP (130 M€ Project, 10 M€ IA, 4 M€/year APC, 18 month on site)
- Production optimization through APC in 17 Factories of SBU-SSP leading to a total gain of 6 M€/year

2011-2015 **Solvay, SBU Special Polymers** **Italy/Spinetta Marengo site**

Spinetta Site IA Manager (Part Time 80 %)

- Project Management IA, IIT, SIL, DCS (> 10 M€/year)
- Project management of APC Local Projects (> 2 M€/year)
- Head of a group of 27 peoples (4 engineers , 23 technicians),

GBU APC expert (Part Time 20 %)

- External activity APC expert 30% various project in USA (Marietta, Augusta, West Depford …)
- Production optimization through APC in 17 Factories of SBU-SSP leading to a total gain of 10 M€/year

2008-2011 **SOLVAY, SBU SPECIAL POLYMERS** **Europa, Asia, Nord America**

Spinetta Site APC Engineer/IA Engineering

- Production optimization through APC (Total project revenue 8 M€ /year)
- Head of a group of 8 peoples (4 instrumental engineers , 4 technicians),

2001-2008 **SOLVAY, SBU VINYLS (*PART TIME 40%*)** **Europa, Asia, Sud America**

Project Manager APC PVC GBU Vinyls PVC Lines Projects :

- 2001, Research and development, Specifications, Implementation, Start-Up — Martorell, Spain
- 2002, Specifications, Implementation, Start-Up — Bahía Blanca, Argentina
- 2003, Specifications, Start-Up — Rainberg, Germany
- 2006, Specifications, Start-Up — Jemeppe, Belgium
- 2007, Specifications, Implementation, Start-Up — Santo Andre, Brazil
- 2007, Specifications (APC part License) — Sabic, Saudi Arabia
- 2007, Specifications, Start up — Mattaput, Thailand
- 2008, Specifications, Start up (May) — Mattaput, Thailand
- 2008, Specifications, Start-Up (November) — Santo Andre, Brazil

1999-2008 **SOLVAY , MARTORELL FACTORY (*FROM 2001, PART TIME 60%*)** **Barcelona, Spain**

Responsible automation maintenance factory in Martorell

- Management of the daily maintenance of control instrumentation , PLC , DCS , SCADA ..
- Design, Implementation Specifications , and management IA systems
- Production optimization through advanced process control

1996-1999 **SOLVAY, DCT-ACE** **Brussels, Belgium**

Development of APC algorithms PVC. Hybrid Event/MPC

- Development of advanced control algorithms to reduce the production cycle (Drawn from the doctoral thesis)
- Design and Specifications of the changes required to deploy advanced automation of PVC factories of the Solvay Group.

STUDY

1994-1999 **POLYTECHNIC OF GRENOBLE , FACULTY OF ELECTRICAL ENGINEERING** **Grenoble, France**

PHD Industrial Automation And Control

- Thesis: “Functional analysis Theoretical and Practical Aspects”, Chapter " Application to reactors PVC Solvay " made working at Solvay 100 %, con lode
- Final Note: 100% Cum Laude

1993-1994 **POLYTECHNIC OF GRENOBLE , FACULTY OF ELECTRICAL ENGINEERING** **Grenoble, France**

MSC (DEA) Industrial Automation And Control

- Thesis: " Design of a control system for a flexible mechanical transmissions "
- Final Note: 90 %

1987-1993 **University THE UNIVERSITY OF ROME " La Sapienza " , FACULTY OF ELECTRONIC ENGINEERING** **Roma, Italy**

BSC (LAUREA) Electronics Engineering Specialization Industrial Automation And Control

- Thesis: “Controllo robusto di sistemi meccanici a dinamica veloce”
- Final Note: 100 %

MANAGEMENT SKILLS

- Project management : resources , tasks , time management , job orders
- Management of a group of employees based on management by objectives
- Management of periodic maintenance plans : "turn around " the annual and quadrennial

- Management failures and shut down plants

TECHNICAL SKILLS

- **APC**: Highly skilled in APC and industrial IT fields
- **Plant machinery** : electrical machines , variable speed drives , rectifiers industrial great power ..
- **Instrumentation**: Deep knowledge of modern and complex instrumentation,
- **Production processes** : chemical reactors , distillation columns, cracking furnaces , cogeneration , pipe lines , thermal systems, large (central steam production ...) ,
- **Automation R & D** : development of algorithms and mathematical models of systems , optimization tasks and minimizing resources used (including the staff)
- **PLC**: Siemens, Honeywell, Allen Bradley...
- Process Control Systems: SCADA (FIX, FIX DYNAMICS), DCS (RS3, Provox , DELTA-V, Yokogawa, Honeywell...)
- **Management** Packages: Microsoft Project, SAP PM...
- **CAD:** AutoCAD, Matlab, Aspen, Speedup ...
- **PIMS (Process Information Management Systems):** PI, ASPEN,
- **General IT**: Microsoft e Unix, C, C++, Visual Basic programming ...

LANGUAGES

- **Italian** : Born Language
- **French** : Born Language
- **English** : Excellent,
- **Spanish** : Excellent
- **Catalan** : Good
- **Chinese** : Notions

ACADEMIC ACTIVITIES

Academic Experience:

- During doctoral thesis (up to 1998) assistant professor at Grenoble for the course Process Control: system theory
- From 2001 to 2010 visiting professor at the Polytechnic of Catalonia in the course of Industrial Automation (ref: Polytechnic University of Catalonia)

Publications:

- "Analyse Fonctionnelle et Commande des Systèmes. Aspects théoriques et pratiques", 1999, PHD, INPG Grenoble (ref: CNRS France)
- A Benchmark Analysis of a Robust Control Strategy, 3rd IFAC International Workshop on Advanced Motion Control, 1995, March 20-23, University Of California, Berkeley, USA.
- Simultaneous Stabilization in H-Inf Control Strategy, 4rd IFAC International Workshop on Advanced Motion Control, 1995, Munic, Germany.
- Design of a Robust Controller for a Flexible Transmission, 1st IFAC Workshop on New Trends in Design of Control Systems, 1995, September 7-10, Smolenice, Slovakia.
- Model Based Gain Scheduling of a Vinyl chloride Polymerization Reactor, 1996, European Commission Brite INTEPOL Project, Brussels, Belgium (ref: EC)
- Nonlinear Model Based Predictive Control of Special Emulsion Polymerization of Vinyl chloride, 1997, European Commission Brite INTEPOL Project Brussels, Belgium (ref: EC)

Industrial Internships

1991	Telecom Italy: Development of an X-25 network for Itapack	L'Aquila, Italy
1992	Procter & Gamble Italy: 2º Technical Management Seminar	Roma, Italy
1994	Grenoble Polytechnic : Summer School in Artificial Intelligence	Grenoble, France
1998	IRA: Instrumentation Basic Training	Arles, France
1998	Polytechnic di Nancy: Fluid Mechanics , Thermodynamics and equipment sizing	Nancy, France
1998	Emerson: RS3/DeltaV	Madrid, Spain
1999	Sepoint Ipcos: Applied MPC	Eindhoven, Holland
2000	ASPEN: PIMS Info Plus 21	Eindhoven, Holland
2004	SOLVAY: Management Workshop	Brussels, Belgium
2005	SOLVAY: HSE training for young Managers	Brussels, Belgium
2007	Metrology and Calibration Training	Barcelona, Spain
2009	SOLVAY: Management Workshop	Brussels, Belgium
2013	SOLVAY: Solvay Management Leadership Workshop	Brussels, Belgium

HOBBYES e Sport

- IIT: Linux
- RC Models
- Sport: Bike
